Attached are electronic copies of a data package and a cover letter for the Canadian Radium and Uranium Project as well as the EDD for the data. Hard copies will not be sent unless requested.

Also attached is a customer satisfaction rating form. Please take a few minutes from your busy schedule to complete the form to help us improve NAREL's analytical services. You can email it back to me or mail it if you wish to remain anonymous. We greatly appreciate you coming to us for your analytical needs and hope to be able to provide support in the future.

Please let me know if you have problems with the files or require hard copies of the data packages and cover letter.

If you have questions regarding the data, please contact Cindy White at 334-270-7052.

**NAREL reports data to the requestor only. If results are needed by contractors or others in your region, please forward this email along with its attachments as you deem necessary.**
